Looking for a maritime companies from South Baltic Region?

- Support of the maritime economy in South Baltic Region
- Cooperation in supply chains
- Creation of marketing strategy for maritime economy
- Development of international business contacts

INTERMARE South Baltic is a project undertaken to support the maritime economy in the whole region of the South Baltic through a network of companies and stakeholders joined under the common brand **INTERMARE South Baltic**, easily recognized in the region and in other European and global markets.

The goal of the project is the creation of a network of companies and also stakeholders (clusters, employer's organizations, regional and local authorities, etc.) for a greater recognition of SMEs from the SB region on international markets as well as better cooperation in the supply chains within the region. The **INTERMARE South Baltic** project will create and implement a number of measures to integrate the actors of the SB region.

The maritime companies from the region will be able to promote themselves at international maritime fairs, cross-border network development meetings, and promotion and activities in Europe.

The final event of the Project will be the **INTERMARE South Baltic Maritime Exhibition 2020**, held in Gdansk on 22-24 June 2020. Small and medium-size companies from the South Baltic Region will take part in this exhibition under special promotional conditions.
